MESSAGE FROM THE DIRECTOR MR. Nasir Khan

As the Director of Khan Sehat Ltd, I am delighted to convey this message to Khan Sehat Ltd customers, Business Partners, employees, well-wishers and everyone involved with us directly and indirectly. In January 2001, Khan Sehat Ltd started its operations with the main objective of providing quality pharmaceutical and healthcare products to Afghans. Since its inception in 2001, Khan Sehat Ltd has grown tremendously and is one of the largest and well-known pharmaceutical distribution company in Afghanistan. This is a great achievement that could

not have been possible without the dedication of our team and the trust our customers place in our products. We are working to lay a foundation for a solid operating platform to help us sustain growth as well as the quality of our products. Khan Sehat Ltd will continue to serve the nation with its vision of a healthy Afghanistan. I Thank you all for being a part of the Khan Sehat Ltd family.

VISION STATEMENT

Khan Sehat Ltd aims to be the leader in domestic market by providing a wide range of healthcare products, services and Solutions with world class innovative medical expertise.

MISSION STATEMENT

Khan Sehat Ltd aims to provide cost effective and quality products to transform the health sector by maximizing the value and health of its customers. Our continued improvement constitutes the core of our philosophy, ensuring constant ascending of the company on national level.

KSL HISTORY

Khan Sehat Ltd was initially established as Khan Global Ltd in 2001 with a wholesale business model in pharmaceuticals distribution in Kabul with the passage of time the company became able to expand its business to multiple provinces of Afghanistan and ultimately become Khan Sehat Ltd. Now, Khan Sehat Ltd is a prestigious name in healthcare & therapeutically products marketing and distribution across the country. Khan Sehat Ltd is the sole representative and distributor of some of the most famous multinational Pharmaceuticals companies such as **Unimax, InterMed, Lincoln, Torque, Vee Excel, Rhydbur, Globex and PharmEvo. Khan Sehat Ltd** was registered and incorporated as a limited company under the regulations and corporate laws of Ministry of Commerce and Ministry of Public Health and Foods & Drugs Authority (FDA) of Afghanistan. The Company operates under a business model of import, marketing and distribution of healthcare products from well-known Multinational companies. It serves as the sole representative of the multinational firms. The company strictly adheres to the Ministry of public health laws concerning the quality of the products. The Company has always maintained the quality and efficacy of its products to the highest possible standards.

OUR SERVICES

The Khan Sehat Ltd Slogan “Your health is our Passion” explicitly specifies our core values and missions. We are committed to provide healthcare products and services to our needy patients in form of economy and quality in order to support a healthier Society. These are the basic values that form the very foundation of our company. Following is a brief description of our services:

- Committed to provide the highest quality pharmaceutical products from well-known multinational pharma companies.
- Make sure our products are always available in clinics, hospitals and chemists throughout the country.
- Meet market supply and demand.
- Continuous medical education (CME) & Presentations to Doctors and Pharmacist on newly launched products.
- Expansion of company branches to the new provinces into sub-divisions.
- Providing essential medical information and directions through social media (Facebook: Khan sehat ltd), YouTube & website www.khansehat.af / .com.
- Special Event management (International Diabetic Day, Chest Symposium, etc.).
- Having the exclusive rights of referring patients with 30% Discount to one of the best and well-known Hospitals of India by the name of Asian Institute of Medical Science (AIMS) which is a 350 bedded Super-Specialty Hospital & Cancer Center.
- Consumer & Society Protection.
- Building Employment Opportunities.

Increase the Capacity Building for Health Professionals Across the Country

ORGANIZATIONAL STRUCTURE

KSL BUSINESS PARTNERS

Unimax Laboratories is a professionally managed partnership firm established more than 3 decades ago. The state of the art facility is in Faridabad (very close to New Delhi) in an open space with adequate greenery in the surroundings & a clean environment.

Unimax Laboratories is WHO-GMP certified for more than 10 years for the following oral dosage sections:

- Tablets: Beta-lactum & non beta-lactum
- Capsules: Beta-lactum & non beta-lactum

A wide range of Tablets (uncoated, film coated, dispersible, sustain release & enteric coated) and Hard Gelatine Capsules are manufactured by employing sophisticated manufacturing processes on latest machinery. We provide finished products in various forms of packaging like PVC blister strip, alu-alu blister strip, aluminium strip, bottle / pouch packaging etc.

We have a dedicated professional team looking after the production, quantity control & quality assurance. The production is strictly as per the WHO guidelines.

Our manufacturing licences no. are 99-OSP(H) & 32-B(H). Our facility is subject to regular audits & the licences are renewed from time to time. CoPP under the internationally accepted guidelines of WHO-GMP is available for almost 75 products.

After being in the domestic market for so many years, it forged in the export market about 10 years ago.

We have a robust product portfolio spread over major segments like antibiotics, antimicrobials, anti-allergics, anti-diabetics, antifungals, cardiovasculars, Orthopedics paediatrics, pain killers, Neuro, nutritional etc.

Our products have earned wide acceptance in many overseas nations. They are being exported to countries like Vietnam, Cambodia, Philippines, Myanmar, Sri Lanka, Tajikistan, Kyrgyzstan, Georgia, Afghanistan, Guatemala, Senegal, Guinea, Ivory Coast, Burkina Faso, Togo, Benin, Niger, Mali, Cameroon, Gabon, Congo etc. It is rapidly expanding presence in other countries.

Unimax believes that long term growth requires highest standard of corporate culture and that excellence in the field of pharmaceuticals is a service to the mankind. To achieve utmost customer satisfaction is our motto. The name of Unimax has become synonymous with quality and excellence.

We, at Lincoln Pharmaceuticals, strongly emphasize on the ideology that level of quality is simply not spoken straight into a product, nevertheless must always exist naturally. The organization's initiatives in direction of achieving premier quality standards were.

Infrastructure Strength:

Lincoln is proud of its manufacturing capabilities. We are really distinct and powerful when it comes to the production capacity. Set up in the year 1989, the manufacturing facility of Lincoln is based at Khatraj, Gujarat sharing the same dais as with the international standards. There are global standards and norms which a manufacturing lab should scan through and we ensure that our processes are in compliance with WHO, cGMP norms. Our lab has been given ISO 9001:2008 certifications; thoroughly highlighting Lincoln's dedication in direction of high quality and safety. These certifications and achievement has added new feather to our hat. With these achievements, we also furthermore plan to expand the capabilities in the US and UK markets making the presence global and more rewarding.

The manufacturing facility at Khatraj produces only Non betalactum tablets, capsules, liquid & dry-powder, injectables, syrups.

Accreditations:

The plant is WHO-GMP and ISO-9002 certified with all the products matching equivalent international standards or requirements. All the establishments comply with international standards. Besides these manufacturing facilities, there are other amenities like utility premises, Go downs, Administrative Building and an ultramodern and sophisticated R& D division. Moreover, at Lincoln the manufacturing plants and the quality systems are in position with ultramodern equipments.

Taking forward strides, achievement of these specifications have opened up the way to developing presence in controlled, rewarding markets like Africa, CIS, Latin America, and South East Asia.

Company Profile

INTERMED had a humble beginning in the year 1981, with a small presence in India marketing Pharmaceutical formulations.

We have gone a long way since then by focusing on expanding into South America, increase its presence Africa, Asia and engage in brand marketing in French speaking West Africa and also exploring the possibility of starting up operations in CIS and Eastern European markets and opening Depots in Central America.

We remain focused on providing quality and affordable medicines to people of the Globe bridging the gap of ailing patient's affordability across geographies and are present today in 32 Countries till date.

We have been gradually upgrading our factory by investing back the profits earned and we are a WHO-GMP approved with facilities to manufacture Tablets, Capsules, Syrups, Dry Syrups and Ointments and creams.

We also have dedicated Beta lactum facility for Tablets, Capsules and Syrups to manufacture penicillin's and cephalosporin's.

Intermed business has witnessed exemplary export growth over the past three years with sales doubling every year since 2011 to 2013 .In recognition of our outstanding export performance PHARMEXCIL (Pharmaceuticals Export Promotion Council of India) a Ministry of Commerce and Industry undertaking by the Government of India, have awarded us with a trophy and Certificate of honor for the year 2012-2013.

Our basic business philosophy, that we are in the life line industry by its very nature itself, serves a social responsibility .Hence we have a far better reason than profits alone to drive our performance.

Company Profile

IndiaMART TrustSealVee Excel Drugs and Pharmaceuticals is a leading Manufacturer and Exporter of various healthcare products. The company has its root back in early 2000, under the leadership of Mr. Vipin Bansal, with Pharmaceutical range of products, keeping 100% focus on the international market. Over the period of time, understanding the need to serve various demand of clientele under single roof, the company introduced its Ayurvedic range of products and gradually had added its Veterinary division. Today the company is well known for its endless effort to maintain the quality standard.

To keep the company values alive and to serve people with quality medicines, the company had created its own R&D facility in its new manufacturing unit. The new unit of Vee Excel Drugs and Pharmaceuticals, is a state of the art manufacturing facility, with all modern amenities and latest technology. Situated at B1/A, EPIP Site V, Road no. 25, Kasna, Greater Noida, it was built as per European compliance with future prospect of entering into the European market. The new facility is spread at an area 5454 sq.mt has got 3 individual buildings with totally equipped in-house cafeteria and working zones. The building at the entrance has got the R&D lab, and a separate set up for Oncology, with Tablets, Capsules and Injectables dosage form. The second building is dedicated for the Cephalosporin group with Tablets, Capsules, Dry syrup dosage, and the 3rd building for the General group and Dietary supplements, again in Tablets, Capsules and Dry Syrup.

TORQUE[®]

Having started out in 1985 with a Paltry Investment of 240,000 INR (US\$18000), TORQUE PHARMACEUTICALS has grown into a force to reckon with in the Pharmaceutical industry. At TORQUE, the pillars upon which its strength rests are:

- Impeccable Quality
- Commitment to Excellence
- Constant Innovation
- Environment Conducive to Growth
- Affordable Medicines

It has managed to grow from strength to strength and has earned a reputation for itself as a leading private limited company offering healthcare solutions for all through its quality medicines that it supplies not just nationally but also to many developing countries globally. TORQUE has taken a huge leap in terms of production, positioning and presence globally and ultimately has come up as the fastest growing pharmaceutical company. TORQUE, which means a force that makes things turn around a focal point, has become a pivotal pharmaceutical company with efficient clockwork like mechanism for production, quality, logistics and growth.

Impeccable Quality

The Company complies with all requirements laid down under Schedule M – GMP of the Drugs and Cosmetics Act. The constant focus on quality has infused vigour into our quest for the best and has manifested itself as the distinction of being the first company in Punjab to be awarded WHO-GMP Compliance Certificate by the Drug Regulatory Authorities in the year 2005. The National Drugs Authority (NDA), Uganda and Pharmacy and Poisons Board, Kenya have also certified TORQUE for export of medicines. The continuous achievement of ISO 9001 certifications since the year 2005 has been an important milestone. The company currently complies with ISO: 9001:2015 Certification in addition to the above certifications.

Rhydburg®

With humble beginning in 1990's with a small manufacturing setup for tablets and capsules, a lot is accomplished and a lot is yet to be accomplished. Our model of last mile reach through our team sales team and out licensing model by registering products in various markets has been instrumental in our growth.

Our manufacturing facilities are inspected and approved by authorities from Philippines, Nigeria, Malawi, Ivory Coast, Afghanistan, Cambodia, Vietnam, Sri Lanka, Uzbekistan, Guinea.

Fixderma is a leading cosmeceutical company, established in 2006 with innovative vision in the skin care arena. Fixderma is working efficiently and effectively in this domain and has gradually established as a renowned manufacturer and supplier of the cosmeceutical products globally. The company focuses on manufacturing, marketing & promoting innovative dermatology products in India and exports to over 30 countries across the globe. Fixderma has made a mark by making quality & result oriented products that has brought a clear difference in the skin care range present in the market.

Our journey started in 1999, and our passion for relentless growth has led us to the forefront in the Pharmaceutical Industry in Pakistan. We are proud of each step of our transformational journey, and our mission to provide quality and innovative healthcare solutions has made us among the top 20 Pharmaceutical companies in Pakistan.
